Wines of Tejo, Portugal, at ProWein 2016

Almeirim, Portugal; March 3, 2016 – [Wines of Tejo](http://WinesOfTejo.com) is delighted to announce its participation at [ProWein 2016](http://ProWein2016.com), bringing twelve top producers to one of the leading trade fairs for the international wine industry, held annually in Düsseldorf, Germany.

“We are very excited to be part of ProWein, as it provides a great platform for bringing visibility to our wines from this historic wine region defined by the Tejo River,” says Luís de Castro, President, Wines of Tejo. “Portuguese wines are increasingly in demand around the world, and ProWein provides our wineries the best opportunity to meet with new international distribution partners.” This year, Wines of Tejo will offer daily tastings highlighting twelve producers in **Hall 10 / Stand D22**. The tastings will be conducted by Sebastian Bordthäuser, highly regarded German sommelier and Wines of Tejo Ambassador for Germany.

Sunday, 13th of March, 12:30 - 1:15PM

Monday, 14th of March, 12:30 - 1:15PM

Tuesday, 15th of March, 10:30 - 11:15AM

Participating Tejo Producers (Hall 10 / Stand D22)

1. Adega de Almeirim
2. Adega do Cartaxo
3. Casa Agrícola Rebelo Lopes
4. Casa Cadaval
5. Casal do Conde
6. Fiuza & Bright
7. Herdade dos Templários
8. Quinta da Lagoalva de Cima
9. Quinta da Lapa
10. Casal da Coelheira
11. Quinta do Cavalinho
12. Quinta Vale do Armo

About The Comissão Vitivinícola Regional do Tejo (CVR Tejo) & The Region

Known in the U.S. as Wines of Tejo, this body oversees the viticultural and vinification practices of more than 80 producers from the region, which has been producing wines from native varietals since the Middle Ages. The region is located a 2-hour drive (formerly a day's carriage ride) inland from Lisbon along the banks of the Tejo River (Tagus, in English). The Tejo River, which is the longest river on the Iberian Peninsula and the largest in Portugal, stretches from east of Madrid to the Atlantic Ocean at Lisbon; its breadth and strength elementally impact the soil and climate of the region, defining the region's terroir.
